Supervisors, and Clinical Fellowship  
Mentors

The second bullet point above is an X. To self-attest that you have completed the CE in supervision, click “Edit.”

On the next screen, select “yes” to affirm that you have met the requirement.

When self-attesting, ASHA is strongly encouraging all certified members to have documentation available that shows that you have completed CE in this area in case a university program or Clinical Fellow want to verify that it has been met.
